Temporary Certificate of Approval for Permit B-16-227

Project Address: 2305 Mount Werner Circle

Applicant: Steamboat Ski and Resort Corp

Owner: Gondola Square Condos

Description: Terminal Building for Alpine Coaster

To Whom it may concern,

This letter is to serve as a "Temporary Certificate of Approval" for Permit B-16-227 and has been issued in compliance with the adopted codes of the jurisdiction at the time of permit issuance. The Building Official has found that a substantial hazard will not result from temporary approval.

The "Temporary Certificate of Approval" will expire on October 31st, 2017 and it's Routt Country Regional Building Departments expectation that the items currently unfinished will be completed in a timely manner. The following items below remain unfinished:

1. Construction Use Tax Reconciliation must be done and approved by the City of Steamboat Springs Finance Department.
2. The landscaping must be completed prior to issuing final Certificate of Occupancy (CO) per the I-Design Landscape Plan on file with the City, dated 7/12/2016, under permit #DPF-16-05. If landscaping cannot be completed prior to final CO, the applicant may apply to post surety, temporarily.

The permit applicant shall contact the Routt County Regional Building Department in advance of the expiration date of October 31st, 2015 to complete final inspections in order to obtain a permanent certificate of approval. Please feel free to contact me directly with any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Todd Carr', is written over a horizontal line.

Todd Carr, Building Official

Routt County Regional Building Department
