Steamboat Springs, CO
SEAD Job No. 18076

Dear Mr. Fones

Per your request, Steamboat Engineering And Design, Inc. (SEAD) visited the site on December 12, 2018 to inspect the as-built condition of the Sun Shade Structure at the referenced address. The structure was built vastly in conformance of the specifications set forth by the SEAD permit drawings, dated 09.28.2018. The few minor variations have been evaluated by SEAD and do not affect the structural performance, therefore SEAD is approving the as-built condition as satisfactory to resist the anticipated design loads.

Thank you for the opportunity to provide professional services. Please do not hesitate to contact me with any questions or concerns regarding this letter.

Sincerely,

Steamboat Engineering And Design, Inc.
