Green Horn Ranch
Grading Permit Addendum #1

Upload: GHR Grade Fill Addendum #1 Dated 6/14/2022

The information on the attachments is being issued as Addendum #1 to the GHR Bid/Permit Set Drawings dated 6/18/2021 and filed under Permit B-21-751.

The Addendum to the permit set includes revisions per design development. Mainly, clarifying the grading plans around the upper and lower platforms of the proposed Rough Rider lift terminals and improvements to assure terrain to be safe and skiable. Further amendments may be issued upon completion of USFS approvals, now work will commence in those areas until necessary approvals are secured as denoted on the drawings.
