

Response to Comments for SPRSG220619:

1. . Provide information that links signs in sign permit data sheet to signs shown on site plans. it appears there are more proposed display signs than are included on the sign permit data sheet. Provide scale drawings of signs on site plans. It appears that signs exceed requirements, please confirm that signs meet sign code requirements or request an adjustment.
  - a. Response: Details crossed out to create clarity in scope of work. Scope of work only includes the relocation of the 5 panel menu board, Digital order screen, and the installation of 2 new bollards. All other signs existing on site to remain and be protected in place.
  - b. I would imagine the comment about providing information that links signs to sign permit data sheet is on your end? Let me know if there is anything I need to revise on our plans to comply with this portion of the comment.
2. CD05: signs as shown appear to exceed required sign amounts and are inconsistent with signs as listed in sign permit data sheet, please revise.
  - a. Response: Details not pertaining to scope of work crossed out to provide clarity.
