Planning Review (Reviewed By: Toby Stauffer, AICP)

1. Include a landscaping line item for some incomplete plantings, or provide as built plan/narrative for landscaping showing that all landscape is in. The site visit on 11/5 found some plants near the building and around the site were not installed.
2. Included a line item for the incomplete paving of the access road included in phase 2, consistent with what is shown in other submittals.
3. Include a line item for the broken lights that were identified during the site visit.
4. Include a line item for incomplete screening on the building for mechanical/utility features that were identified during the site visit.
5. Ensure that all items referenced in other plans are included as needed in the Improvements Agreement.

Sincerely,

A handwritten signature in blue ink that reads "Toby Stauffer".
