Emmett,
This email came across yesterday from CDOT. I will save this email to the file

Ben Beall P.E., CFM
City Engineer
City of Steamboat Springs

Ben,

CDOT concurs with leaving the Curve Court access as-is for the time being and implementing the Access Control Plan at a later date for the reasons you stated in your letter.

A new permit will not be issued. The City's request letter will be included in the file and the file will be updated to reflect the change in the terms and conditions.

Please let me know if you have any questions.

Thanks,

Brian Killian

Brian,

Per our conversation, please find the attached letter as a formal request for reconsideration of the condition in the issued permit to construct a $\frac{3}{4}$ movement restriction at Curve Court. Please advise as to next steps! I hope you are well!

Hi Ben,

Thanks for completing the docusign. Attached is a copy of the issued permit. I've also attached an issuance letter with instructions on the next step. Please let me know if you have any questions.

Note: The permitting process is a two step process. First you obtain a permit and then a Notice to Proceed (NTP). All instructions on how to obtain an NTP are in the attached issuance letter. NO work is allowed until an NTP has been issued. You may contact Nick Nordquist (copied) for the NTP.
