Hello all,

It has recently come to my attention that there is a future plan to extend Stone Lane to Highway 40. As a resident of the area, and a mother of a young kid, I wanted to express my concern with this idea. This is a road in a quiet, residential neighborhood where pedestrians are frequently walking dogs, riding bikes, and accessing the Core Trail. I fear that extending this road to 40 will create many safety issues, as well as increase traffic, noise and pollution in the area. Not to mention the effect this would have on the creek and nearby animal habitats. It is my hope that you will please take into consideration the opinions of the residents who live in the neighborhood and would be directly affected by this development.

Thank you for your time,
Lindsay Zindell
